A must-visit if you like Italian food or even if you don't. It's a bit unassuming on the outside, but once you go in the restaurant is quite classy and is a great place for a fancy dinner or date. The service was amazing; they were so attentive and kind. The calamari we ordered was absolutely delicious and even the dips they brought out with the food was great. They have some great wine options as well. We got the lamb fettuccine and the chicken pesto pasta and they were both so delicious. They had so much meat and it was all cooked to perfection. We also got the black currant panna cotta which was such a refreshing way to end the perfect meal. So happy we came here!

OMG the pizzas are amazing and at the end we took desserts oh god the desserts which is tiramisu just melt in my mouth. I loved them. We went during closing time and the chef made sure that the taste is awesome. Great service and definitely recommend to the people who want to try Italian cuisine.

Family party of 8 (with kids age 2 and 10). Visited Dec 20, 2022 for our 5 year anniversary. We wanted Italian food without having to go downtown or to Vaughan. This location was perfect and right in the middle for all of our group to easily commute to. Free ample parking. Our group had the calamari, insalata mista, caprese salad, vegetable soup, linguine, penne alla vodka, penne primavera, margarita pizza, tiramisu, apple pie and tartufo. Everyone loved the food they ordered. We would definitely return as the place is clean, service was great and they were very accommodating to our family. Thanks for a great dinner!

Hidden gem on Steeles West. I spent 4 hours there having cocktails and a very laid back dinner with a very old, dear friend that was visiting from out of town. We had attentive but not forward service, the staff recognized we were not in a hurry and were there when we needed them but did not intrude otherwise--which is an art.

The cocktails were great -- they make an excellent "Toronto." And the food was excellent -- scallops and shrimp and veal parm were both excellent.

Nice espresso afterwards.

A lovely experience overall.

My friends and I had lunch here for the first time. I was truly impressed!

A 5++ experience! A warm welcome upon entering, and a lovely, bright, clean dining area. The food is delicious .. I had the gnocchi al pomodoro and I have to say that outside of Rome they were exceptional! My friend's dishes were equally delicious. The service is also 5++ stars . It is friendly, genuine and efficient! You are made to feel like a welcomed guest! Thank you Violeta. I look forward to my next meal at La Luce !

What amazing service from the team at La Luce! My best friend celebrated her beautiful, intimate wedding reception here and they were quick to respond and accommodate our party. The food was hot and fresh and all of our guests thoroughly enjoyed their meals. We had a family style antipasto, pasta, and calamari for appetizers and salmon and chicken for the entree. The food was absolutely delicious and was delivered in a timely manner. Thank you to Richard and Pino for all of their help and we highly recommend La Luce!

I have been going to La Luce (formerly Giorgio D) for over 36 years & have never been disappointed by the food served or by the courteous staff. Richard has managed the restaurant for over 40 years & I have nothing but positive accolades for him, rest assured you will have a fine dining experience at this restaurant.

We had my daughter's first communion party there, we had 25 guests attend....all I can say that everyone was amazed of the great food and service. Violeta and Richard were amazing- they attended to all my guests needs with pleasure. The food was fantastic- Mario the cook was awesome. All my guests gave Mario applause for his great dishes. Would definitely recommend this place to anyone. Thank you Carmelina for everything, we were 100% satisfied, even my authentic Italian mother and mother in law give this place thumbs up!!! Will definitely return.

Late review but I had to mention that I went there a month ago for a birthday party of 10 and I was so impress with service. The hospitality was awesome and genuine. The selection of food was mouth dropping. My first time trying a bit of everything for the first time and I was astonished at the quality and taste. I would recommend everyone. Love this place :) If I had more stars - I would give more ratings.
